

**SECRET**

27 July 1965

**MEMORANDUM FOR:** [REDACTED]

25X1A

**SUBJECT** : Draft Report of Review of NATO Security Practices, Dated June 24, 1965

1. The subject report, which is attached, <sup>today</sup> was the subject of a special meeting of the MICC group involved in the NATO security practices review of last April and May.
2. Mr. Georgi, the AEC member, raised many comments concerning certain comments in the report and an attempt was made by the group to resolve the differences between the AEC member's viewpoint and the other members.
3. Colonel Levitt, the coordinator of the report, has been directed by the Chairman of MICC to redraft the subject paper with a view to reconciling the various differences brought out during this meeting. After that, presumably another session will be held and another draft submitted for approval.
4. I am returning the subject report for your files. However, if you prefer, I can keep the draft in the event certain questions arise before the second draft is submitted for approval. I plan, of course, to attend the meeting concerned with the next draft.
